Electronic Supplementary Material 1: Examples of kids’ hiding sites.

During the first week postpartum, kids often stayed with siblings next to fences provided within their enclosures, and away from their mothers. Photos of triplets (ESM Fig. 1A), twins (ESM Fig. 1B) and a single born kid (ESM Fig. 1C) aged three to six days old, “hiding”.

ESM Figure 1A. Six-day-old triplets “hiding”.

ESM Figure 1B. Three-day-old twins “hiding”.

ESM Figure 1C. Five-day-old single born kid "hiding".
