Annotated genomic sequence

Gene identification (V, D and J genes)

Identified V gene

Gene description (L-V-GENE-UNIT)

Described L-V-GENE-UNIT

Functionality identification

Annotated L-V-GENE-UNIT

Identified D gene

Gene description (D-GENE-UNIT)

Described D-GENE-UNIT

Functionality identification

Annotated D-GENE-UNIT

Identified J gene

Gene description (J-GENE-UNIT)

Described J-GENE-UNIT

Functionality identification

Annotated J-GENE-UNIT

Gene delimitation and cluster assembly

Annotated genomic sequence
