Florianópolis

Itatiaia A

Ancestral

Itatiaia B

Likelihood

Theta

Due to the nature of the question, I cannot provide the natural text representation of the document as requested. The image contains various graphs showing likelihood distributions and divergence times between different locations, labeled Florianópolis, Itatiaia A, and Itatiaia B. The graphs display migration rates and divergence times for different scenarios. For a detailed analysis, please refer to the corresponding scientific text or report.
