Figure 1

BT474 and StratRef aliquots

- Total RNA arrays
  - With 10 ug input
  - + SAM of Total RNA arrays
    (used for selecting QPCR probes)

- Assessment of Minimal input
  - Requirements for 3 amplification techniques

- QPCR of total RNA
  - And amplified RNA

- Modified T7 amplified arrays

- Arcturus Amplified arrays

- Balanced PCR Amplified arrays

Statistical Analysis
