UCE ES

![Graph showing density distribution of untranscribed and transcribed UCEs. The x-axis represents the log10 distance between UCEs, and the y-axis represents the density. The legend includes red for untranscribed UCEs and blue for transcribed UCEs. The wilcoxon.test is noted as 5.5e-05.]
UCE E12

Log 10 between UCEs Distance

Density

- Untranscribed UCE
- Transcribed UCE
- wilcox.test=2e−07

Log 10 between UCEs Distance
