1. Prognostic miRNAs in ER-negative and triple-negative tumors

- miRNA expression
- Tumor Histopathological data
- Patients Follow-up data (BCSS, DMFS)

2. Intrinsic subtype-specific miRNAs

- mRNA expression
- Assignment of tumor intrinsic subtypes
- miRNA expression

3. Downstream miRNA Analyses

a. Correlations DNA/miRNA

- miRNA expression
- DNA gains
- DNA losses
- DNA neutral

b. Associations with pathways

- miRNA signature
- intensity vs. samples

- Pathway 1
- Pathway n

- GSEA

- miRNA_apt

- Interferes with
