DNA perturbations in basal-like tumours

a) 13q31.3 and 7q22.1

miR-17-92 and miR-106b-25

miRNA over-expression

b) miR-17-92 and miR-106b-25

miRNA expression

influence on

- luminal specific gene sets
- tumour low-grading genes
- oncogenic pathways
- endocytosis, cell migration/adhesion/remodelling
