The diagram shows the distribution of CNV (Copy Number Variation) lengths in kb (kilobases). The x-axis represents the CNV length ranges, while the y-axis shows the count of CNVs. The length ranges are labeled as follows:

- ~1 kb
- 1~2 kb
- 2~3 kb
- 3~4 kb
- 4~5 kb
- 5~7.5 kb
- 7.5~

The chart indicates that the majority of CNVs fall within the 1~2 kb range, with a significantly lower count in other ranges.
