Figures A, B, C, and D illustrate the changes in SWA [µV²] and Level of Process S over time.

- **Figure A** shows data for **Nights**, with n=15.
- **Figure B** displays data for **Mornings without SOREMS**, with n=8.
- **Figure C** presents data for **Mornings with SOREMS**, with n=14.

**Figure D** includes data on **Time of day** and **SWA [%]**, indicating significant changes at 4 h and 3 h intervals.

*Note: The exact data values and their significance are not provided in the image.*
