Outcomes with benefit of class 1a antiarrhythmics for maintaining sinus rhythm after cardioversion of atrial fibrillation

- Level of evidence
- Standard error (SE) in SE[ln(OR)] in 10^{-2}

- Outcome measures

Outcomes with harm of class 1a antiarrhythmics for maintaining sinus rhythm after cardioversion of atrial fibrillation

- Level of evidence
- Standard error (SE) in SE[ln(OR)] in 10^{-2}

- Outcome measures

- All-cause mortality
