Clinician / delegate approaches patient in person. They make a judgment of the patient's capacity to consent.

**Interested:**
- Gives information sheets and consent forms
- (Option to phone local number & have questions answered)
- Patient Consent form and Carer Consent form can be returned in the post. **Consented**

**Not interested:**
- Declined
- Consent forms can be signed on the day if patient/carer have had sufficient time to consider the implications & have questions answered. **Consented**

At next appointment – clinician / delegate asks if patient and carer want to consent. Answer any questions they have.

- **Want to sign:** Consented
- **Do not want to sign:** Declined
