The chart shows the mean and range of points for different countries and time periods. The p-values are as follows:

- B/NL early: p=0.265
- B/NL later: p=0.697
- CZ early: p=0.659
- CZ later: p=0.426
- GER early: p=0.964
- GER later: p=0.351
- LIT early: p=0.694
- LIT later: 
- ROM early: 
- ROM later: 
- UK early: 
- UK later: 
- All early: 
- All later: 

The countries and periods are indicated in the x-axis, with the y-axis representing the points mean and range.
