Subjects screened (n=364)
Subjects randomised (n=297)

PCP-NE COACH (n=149)
- Completed the study at week 36 (n=123, 83.1%)
- Discontinued (n=27)
  - Did not receive treatment: 0
  - Study drug related AE: 1
  - Loss to follow up: 9
  - Not willing to continue: 7
  - Protocol violation: 4
  - Pregnancy: 1
  - Other: 5

PCP COACH (n=148)
- Completed the study at week 36 (n=122, 81.9%)
- Discontinued (n=25)
  - Did not receive treatment: 3
  - Study drug related AE: 2
  - Loss to follow up: 2
  - Not willing to continue: 8
  - Protocol violation: 2
  - Pregnancy: 0
  - Other: 8
