Figure 1: The process going from the gross sample to the eligible sample.

Total sample = 4,000

Invitees for participation = 3,889

Residents of nursing homes = 111

Not interested = 1,502

Candidates for recruitment of the trial = 2,387

Did not meet criteria for participation = 1,972

Eligible sample = 201 + 214 = 415
