Figure 14

- **Aminoglycosides**: Graph showing the percentage of resistance over years for different types of aminoglycosides.
- **Carbapenems**: Graph showing the percentage of resistance over years for different types of carbapenems.
- **Glycopeptides**: Graph showing the percentage of resistance over years for different types of glycopeptides.
- **Nitrofurans**: Graph showing the percentage of resistance over years for different types of nitrofurans.
- **Penicillins**: Graph showing the percentage of resistance over years for different types of penicillins.
- **Quinolones**: Graph showing the percentage of resistance over years for different types of quinolones.
- **Sulfonamides**: Graph showing the percentage of resistance over years for sulfonamides.
