Total Enrolled Subjects
N=167

Randomized to Group 1
n=92
- Completed study n=76
  - Data Collected n=68
    - Some data were collected for 10 out of the 14 subjects who did not complete the study.
    - Reasons:
      - Miscarriage 4
      - Termination 1
      - Stillbirth 1
      - Lost contact 5
      - Requested no follow-up interviews 3

  - Did not complete study n=14

Randomized to Group 2
n=75
- Completed study n=62
  - Data Collected n=70
    - Some data were collected for 8 out of the 13 subjects who did not complete the study.
    - Reasons:
      - Miscarriage 5
      - Stillbirth 1
      - Lost contact 6
      - Requested no follow-up interviews 1

- Did not complete study n=13
