Protein Expression in Mammary Glands of 50 Day Old Rats

- **c-Casp-3 (19 kDa)**
- **c-Casp-3 (17 kDa)**
- **c-Caspase-9**
- **Pro-PARP**
- **Cleaved PARP**
- **p-Bad**
- **p21**
- **GAPDH**

**Legend:**
- **SO**
- **BPA**
- **BPA+Gen**

**Significance Levels:**
- *: p < 0.05
- **: p < 0.01
- ***: p < 0.001

**Note:**
- The images show Western blots of mammary gland tissue from 50 day old rats treated with different conditions. The protein expressions are quantified and compared to the control group.
