Figure 1: Enrollment, Randomization and Treatment Response

Accrual (n=62)

Eligible (n=52)

Evaluable for response (n=51)

Receptor status
- Receptor positive, n=40
- Receptor negative, n=11

Response after 6 months of treatment
- Complete response, n=2
- Partial response, n=2
- Stable disease, n=10
- Progression, n=26

Progression, n=11
