A) CURRENT STUDY
MSS

Whole genome duplication score vs. Average ploidy

- No dissemination
- Tumour dissemination
- Relative loss 1p36
- Absolute loss 1p36

B) THE CANCER GENOME ATLAS
MSS/CIN

Whole genome duplication score vs. Average ploidy

- Stage I-III long-term survival
- Stage IV
- Stage I-III unknown survival
- Relative loss 1p36
- Absolute loss 1p36
