Cohort
Quantitative Framework

Study subjects related to ADs; such as:
- Dementia & drafting ADs
- Reasons for drafting ADs
- Changes in end-of-life preferences

Other end-of-life subjects, such as:
- Personal Dignity at the end of life
- Not granted requests for euthanasia
- Persons with a wish to die

People with AD

Qualitative Sub-studies

People without AD

Sample Dutch Population & LASA*

Comparison

Relatives of deceased cohort members

After a cohort member deceases

Comparison

Relatives of deceased LASA* members
