Figure 1

**First survey**
- **18217** invited persons
- **Nationwide sample**
  - **15189** invited persons
  - **9977 (66%)** questionnaires
- **Low vaccination coverage sample**
  - **3028** invited persons
  - **1964 (65%)** questionnaires

**Second survey**
- **24147** invited persons
- **Nationwide sample**
  - **17223** invited persons
  - **9977 (66%)** questionnaires
- **Low vaccination coverage sample**
  - **4366** invited persons
  - **1914 (44%)** questionnaires
- **Oversampling migrants**
  - **2558** invited persons
  - **702 (27%)** questionnaires

**Nationwide sample**
- **6267 (90%)** questionnaires of those <45 yrs and first-generation migrants <13 yrs
- **5881** questionnaires used in analyses

**Low vaccination coverage sample**
- **1258 (91%)** questionnaires of those <45 yrs and first-generation migrants <13 yrs
- **1204** questionnaires used in analyses

**Low vaccination coverage sample**
- **4274 (40%)** questionnaires of those <45 yrs and first-generation migrants <13 yrs
- **4130 and 3878** questionnaires used in first and third analyses, respectively
- **1739 (42%)** questionnaires of those <10 yrs
- **1525** questionnaires used in analyses

**Low vaccination coverage sample**
- **1302 (46%)** questionnaires of those <45 yrs and first-generation migrants <13 yrs
- **1190** questionnaires used in analyses

**Oversampling migrants**
- **455 (30%)** questionnaires of those <45 yrs and first-generation migrants <13 yrs
- **376** questionnaires used in analyses
- **421 (30%)** questionnaires of those <10 yrs
- **219** questionnaires used in analyses
