This bar chart represents the Diet Quality Index for various snacking patterns. The y-axis shows the Diet Quality Index ranging from 0 to 100. Each bar corresponds to a different type of snack, including:

1. Miscellaneous Snacks
2. No Snacks
3. Cakes/Cookies/Pastries
4. Sweets
5. Vegetables/Legumes
6. Alcohol
7. Milk Desserts
8. Crackers/Salty Snacks
9. Soft Drinks
10. Other Grain
11. Whole Fruit
12. Coffee/Tea

The chart shows that the highest Diet Quality Index is for Whole Fruit, followed by Coffee/Tea. Other categories like Miscellaneous Snacks, No Snacks, and Cakes/Cookies/Pastries have lower Diet Quality Index values.
