A Control

- Graph showing changes in epileptiform discharges over time (baseline to follow-up EEG) for patients 1 to 10.

- Bar graph comparing change of epileptiform discharges between baseline and follow-up EEG, with n=10.

B Treatment

- Graph showing changes in epileptiform discharges over time (baseline to 6m) for patients 1 to 11.

- Bar graphs showing change of epileptiform discharges at 1m, 2m, and 6m, with n=11, 10, and 8, respectively, marked with asterisks.
