% Inhibition vs Concentration (µg/ml) graph with two sets of data points:

- L-Ascorbic acid
- A. ceylanica

Slope equations:

1. For L-Ascorbic acid:
   \[ y = 15.953x - 1.7889 \]
   \[ R^2 = 0.997 \]

2. For A. ceylanica:
   \[ y = 31.349\ln(x) - 101.32 \]
   \[ R^2 = 0.9925 \]
