Introduction of TM
- Liver anatomy
- Segmental anatomy according to Couinaud
- Technical information about the Teaching Modul (TM)
- Content and goal of this study
  n=156 (90 females)

Randomization
- Randomized to 2D+
  n=53 (30 females)
  11 questions on liver anatomy
- Randomized to 3D
  n=52 (31 females)
  11 questions on liver anatomy
- Randomized to 3Dr
  n=51 (29 females)
  Technical exercise to test whether students could comprehend 3Dr
  11 questions on liver anatomy

4 evaluative questions

TM completed
n=156 (90 females)
