Valuing (costing) resource utilisation

Setting 1: Patients attending the clinic
- Labour cost/minute for injection time ($2.93/min)

Setting 2: One Staff Visits outside the clinic
- Labour cost/minute for injection time ($2.93/min)
- Cost/km for distance travelled ($0.74/km)
- Labour cost/minute for time travelled ($2.93/min)

Setting 3: More Than One Staff Visits outside the clinic
- Labour cost/minute for injection time ($2.93/min) x 2
- Cost/km for distance travelled ($0.74/km)
- Labour cost/minute for time travelled ($2.93/min) x 2
  (Labour costs doubled to account for 2 staff visits)
