Explicit priority setting process

**Inputs**
- Clear communication of vision
- Integrate strategic goals
- Time-sensitive
- Evidence-based
- Input from stakeholders

**Facilitators**
- high level champion; strong leadership
- culture of learning
- earmarked resources for process
- commitment to process*

**Barriers**
- no genuine buy-in
- lack of skills in priority setting
- lack of shared vision*
- competing priorities*

**Ideal Process***
- Clear communication of vision
- Integrate strategic goals
- Time-sensitive
- Evidence-based
- Input from stakeholders

**Outputs**
- culture open to change
- earmarked resources for follow-up
- consistent application*
- demonstrated results*
- data-driven culture*

**Barriers**
- vertical budget silos
- politics trumps evidence-based decisions
- no (real or perceived) authority to change
- vested interest*
- misalignment of incentives
