597 responses reporting a clinic in their area as a result of the cascade sampling method

Ineligible
→ Duplicate (n=245)
→ Outside UK (n = 7)
→ No clinic (n = 27)
→ Services closed (n = 8)
→ Services undergoing re-organisation (n = 6)
→ Not publicly funded (n = 1)

303 clinics identified
→ 3 declined already taking part in research
→ 2 declined – do not participate in surveys
→ 67 non-responders

231 available for analysis (231/303) = 76% of clinics
