a Fully probabilistic, $\pi_i = 0.6$ compared to $\pi_i = 0.9$

b Fully determined, $\pi_i = 0.6$ compared to $\pi_i = 0.9$

c Fully determined compared to fully probabilistic, $\pi_i = 0.6$

d Fully determined compared to fully probabilistic, $\pi_i = 0.9$

Pre-intervention entomological inoculation rate (IBPAPA) on logarithmic scale
