A. Cost-effectiveness of RDT compared to PT

- RDT is cost-effective relative to PT
- PT is cost-effective relative to RDT

B. Cost-effectiveness of RDT compared to field microscopy

- RDT is cost-effective relative to field microscopy

Malaria prevalence among febrile outpatients (%)

- > 99% Cost-Effective
- > 95% Cost-Effective
- < 95% Cost-Effective
- 50% Cost-Effective
