SOCIAL CAPITAL

Cognitive Social Capital

- Operationalization
- People’s perceptions of the level of interpersonal trust, sharing, and reciprocity

Structural Social Capital

- Operationalization
- Density of social networks, or patterns of civic engagement

Horizontal Social Capital

- Bonding social capital
  - Operationalization
  - Relations within homogenous groups i.e. strong ties that connect family members, neighbors, and close friends and colleagues

- Bridging social capital
  - Operationalization
  - Weak ties that link different ethnic and occupational backgrounds, including formal or informal social participation

Vertical (linking) Social Capital

- Operationalization
- Hierarchical or unequal relations due to differences in power or resource bases and status.
