Figure 1: Effect of Emetine and KU0063794 on MGMT and eIF4A Protein Levels

A. Emetine

B. Emetine plus KU0063794

C. Emetine plus TMZ

D. KU0063794 plus TMZ

E. % change of MGMT protein relative to eIF4A loading control

Graph E shows the percentage change of MGMT protein relative to eIF4A loading control over time (h) for different treatments: Emetine, Emetine plus KU0063794, Emetine plus TMZ, and Emetine plus KU0063794 plus TMZ.
