Figure 2

Comparison of MMP2 levels before ischemia in Norm and Chol groups, with and without RPO treatment.

- **75 kDa MMP2 before isch (AU)**
  - Norm
  - Chol
  - Norm + RPO
  - Chol + RPO

- **72 kDa MMP2 before isch (AU)**
  - Norm
  - Chol
  - Norm + RPO
  - Chol + RPO

Significance markers:
- # indicates a significant difference from Norm
- * indicates a significant difference from Chol

Note: AU stands for arbitrary units.
