The bar chart presents data on the percentage of individuals experiencing different levels of problems in various daily activities:

- **Mobility**: 51.9% no problem, 34.7% some problems, 14.1% severe problems.
- **Self-care ability**: 53.1% no problem, 47.2% some problems, 18% severe problems.
- **Usual activities**: 51.4% no problem, 32% some problems, 16.6% severe problems.
- **Pain/discomfort**: 51.5% no problem, 29.2% some problems, 19.3% severe problems.
- **Anxiety/depression**: 51% no problem, 34.7% some problems, 14.3% severe problems.

The chart uses different shades to indicate the extent of problems: light for no problem, medium for some problems, and dark for severe problems.
