Changes in *gnrh* mRNAs in the brain

(A) Relative *gnrh1* mRNA levels across different ovarian stages: LV, GVM, HY, OV, POV. Different letters indicate significant differences.

(B) Relative *gnrh2* mRNA levels across different ovarian stages: LV, GVM, HY, OV, POV. Different letters indicate significant differences.

(C) Relative *gnrh3* mRNA levels across different ovarian stages: LV, GVM, HY, OV, POV. Different letters indicate significant differences.
