Figure 2

Bar chart showing the number of miRNAs (miRNAs) that are down-regulated and up-regulated across different conditions. The conditions include no, P, P+E, and P+E:P, categorized under different groups: GrplAa, GrplB, GrplC, GrplBla, GrplClla, and GrplCllb.

The x-axis represents different conditions and groups, and the y-axis shows the number of miRNAs. The chart compares the number of miRNAs at day 3-5 versus day 0 and day 3-5 versus day 3-5.
