Figure 4

(A) Graph showing the change in $\Delta F/F_0$ (%) over time (s) for HS with BSA and Neomycin.

(B) Graph showing the change in $\Delta F/F_0$ (%) over time (s) for PTX with BSA.

(C) Graph showing the change in $\Delta F/F_0$ (%) over time (s) for Neomycin with BSA.

(D) Bar graph comparing the $\Delta F/F_0$ (%) for HS, PTX, and Neo treatments, with sample sizes (30), (28), and (29) respectively.
