a) Tumour volume (cm³) vs. Time (Days)

- PhPSA: Black dots with error bars
- PhPSA vaccinated: Crossed black dots

p = 0.01

b) Survival vs. Time (Days)

- Naive: Black dots
- PhPSA: Crossed black dots

p < 0.01

c) % of tumour-bearing mice

- PhPSA vaccinated, rechallenged with TRAMPC1/PSA
- PhPSA vaccinated, rechallenged with wild TRAMPC1
- Untreated, rechallenged with wild TRAMPC1

Groups of mice:
- 1st tumour challenge (black bars)
- Tumour rechallenge (grey bars)
