Weight Classification
- Overweight/Obese Children
- Underweight/Normal Children

Parks/Green Space per 10,000 People
- 0 - 6.50 (Low)
- 6.51 - 11.30 (Moderate)
- 11.31 - 150.70 (High)

Data Sources:
Community Boundary: Statistics Canada (2001); Parks/Green Space: City of Calgary Landuse Data (2001); BMI Data: Alberta Health Services (Calgary Zone) (2005).
Children were mapped using their residential postal code locations; IOTF classification was used to define overweight or obese.
