The graph shows the relationship between distance in kilometers and the number of users. The x-axis represents distance in kilometers, ranging from 0 to 2, and the y-axis represents the number of users.

- **BS**: BS (Base Station) is represented by green triangles.
- **MBMS Users**: MBMS (Multimedia Broadcast Multicast Service) Users are represented by red squares.
- **Regular Users**: Regular Users are represented by blue diamonds.

As the distance increases, the number of users decreases, indicating a lower concentration of users at greater distances.
