The graph shows the proportion of ART births (%) against the fertility postponement index for various countries in 2009. Each country is represented by a point on the graph, with the x-axis labeled "Fertility postponement index" and the y-axis labeled "Proportion of ART births (%)." The countries listed include Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Iceland, Italy, Netherlands, Norway, Portugal, Slovenia, Sweden, and United Kingdom. The graph indicates trends and comparisons between these countries regarding fertility postponement and ART births.
