A

![Graph showing body weight changes over days post-infection (p.i.) for different groups. The legend indicates PBS, 14C2 (G1), 14C2-S1 (G2b), and 14C2-S1-4 (G2a). There is a significant difference (p < 0.05) between groups.]

B

![Graph showing survival rates over days post-infection (p.i.). The legend indicates (n=9) for the highest survival rate group and (n=10) for the lowest survival rate group. There is a trend towards significance (p=0.08) in survival differences.]
