Figure 1. Content of computer reminder

Copenhagen, DD.MM.YYYY

Dear Colleague,
Within the last calendar month we have not detected an external quality assessment analysis for haemoglobin or glucose from your practice point-of-care equipment.

Execution of external quality assessment analysis is important for improving the quality of point-of-care testing and is a prerequisite for receiving fees for this service.

Apply number XXXXXX-XXXX for ordering external quality assessment analysis in the WebQuality system. For questions, please contact our telephone hotline: XXXXXXXX.

If you do not perform point-of-care testing for haemoglobin or glucose, please disregard this message.

Yours sincerely,
Niels Mosbæk,
Director, CGPL
