A. VT RGC production in pigmented retina

B. Edu injections

C. Image panels for pigmented and albino models:
   - Islet1/2
   - Zic2
   - EdU
   - Merged

D. Comparison of Zic2-positive RGCs labeled with EdU

E. Comparison of Zic2-negative RGCs labeled with EdU

F. Comparison of Islet1/2-positive cells labeled with EdU

Legend:
- N.S.: Not significant
- *: Significant difference
- **: Highly significant difference
