**Figure A**

Relative DJ-1/α-Tubulin levels in sh-NC and sh-DJ-1 cells.

**Figure B**

Western blot analysis showing relative DJ-1/α-Tubulin levels.

**Figure C**

Table indicating the distribution of proteins in the cytosol and mitochondria.

**Figure D**

Bar graph showing the relative level of Bax in the cytosol and mitochondria.

**Figure E**

Graph illustrating the relative level of mitochondrial Bcl-X<sub>L</sub>.

**Figure F**

Western blot analysis showing the expression of PARP, caspase-3, and Bcl-X<sub>L</sub>.

**Figure G**

Graph showing the relative cell viability under different conditions.
