3426 Patients screened
7 Hospitals at 5 sites
Patients screened by each site:
893, 572, 464, 1000, 497
Treatment providers at each site -
OMT specialists: 4, 8, 2, 2, 4
Resident physicians: 18, 10, 9, 18, 9

406 Subjects randomized

135 Assigned to OMT group
Subjects assigned by each site: 32, 48, 11, 25, 19

130 Included in ITT inpatient analysis
5 Excluded
- 4 Diagnosis change
- 1 1st treatment past 30 hrs

94 Included in ITT follow-up
36 Excluded
- 16 Lost to follow-up
- 20 Withdrawal, death, or ventilator dependence

96 Included in PP inpatient analysis
34 Excluded
- 4 1st treatment past 24 hrs
- 2 Treatment contrary to protocol
- 15 Study withdrawal
- 13 Less than 100% of prescribed treatments

81 Included in PP follow-up
15 Excluded
- 14 Lost to follow-up
- 1 Death or ventilator dependence

136 Assigned to LT group
Subjects assigned by each site: 33, 47, 11, 25, 20

124 Included in ITT inpatient analysis
12 Excluded
- 6 Diagnosis change
- 4 1st treatment past 30 hrs
- 2 Other

97 Included in ITT follow-up
27 Excluded
- 13 Lost to follow-up
- 14 Withdrawal, death, or ventilator dependence

95 Included in PP inpatient analysis
29 Excluded
- 3 1st treatment past 24 hrs
- 3 Treatment contrary to protocol
- 6 Study withdrawal
- 17 Less than 100% of prescribed treatments

80 Included in PP follow-up
15 Excluded
- 10 Lost to follow-up
- 5 Death or ventilator dependence

135 Assigned to CCO group
Subjects assigned by each site: 33, 48, 10, 24, 20

133 Included in ITT inpatient analysis
2 Excluded
- 2 Diagnosis change

96 Included in ITT follow-up
37 Excluded
- 18 Lost to follow-up
- 19 Withdrawal, death, or ventilator dependence

92 Included in PP follow-up
35 Excluded
- 18 Lost to follow-up
- 17 Death or ventilator dependence
