The bar chart illustrates the number of dogs with different degrees of heart murmurs, categorized by gender:

- **All dogs**: 27 without, 15 low, 11 moderate, 3 high.
- **Females**: 15 without, 9 low, 5 moderate, 1 high.
- **Males**: 12 without, 6 low, 6 moderate, 2 high.

The chart shows the distribution of heart murmurs among dogs, with a significant number of all dogs (27) without any murmurs, and a smaller number of high-degree murmurs (3).
