Figure 4: Severe Acute Malnutrition Rates and Supplementary Feeding Program Enrollment

* SAM prevalence from 2008 surveys reported in UNHCR Nutrition Survey database or most recent year where 2008 data not available; all prevalence data measured using WHO growth standards except for Awbarre, Kebrabeyah, Shimeble (Ethiopia) and Wad Sharifey (Sudan) which only reported SAM prevalence using NCHS growth standards. Note: SAM prevalence was measured across multiple camps in a joint survey in Amboko & Gondje (Chad); Adjumani, Impevi, Kiryangwa, Palorinya & Rhino (Uganda) and Kyaka, Kyangwali, Nakivale, & Oruchinga (Uganda)
