Proposed organizational structure for CAPTN during the second five years of NIMH funding. ISAB = internal scientific advisory board; ESAB = external scientific advisory board; DSMB = data safety and monitoring board; IRB = institutional review board; AACAP = American Academy of Child and Adolescent Psychiatry; SODB P = Society for Developmental and Behavioral Pediatrics. Pilot projects are small feasibility studies design to gather preliminary data to support developmental studies, which are R34 like preliminary studies intended to construct trial infrastructure and materials in preparation for R01-like PCTs, safety registries or biomarker/biosignature projects.
