**Figure 1**

- **Panel A:**
  - Comparison of $C_{2h}$ (ng/mL) between T315I and Without T315I.
  - $P = 0.0242$

- **Panel B:**
  - Comparison of $C_{max}$ (ng/mL) between T315I and Without T315I.
  - $P = 0.0242$

- **Panel C:**
  - Comparison of AUC$_{0-4}$ (ng·h/mL) between T315I and Without T315I.
  - $P = 0.0061$

Legend:
- **T315I**
- **Without T315I**

Note: The box plots represent the distribution of data with the median line, quartiles, and outliers indicated.
